

LETTER OF CERTIFICATION

1 June 2022

This letter serves to verify that **Certification Number LOG187217 , Midland Transport Ltd.**, located at **100 Midland Drive, Dieppe, NB E1A 6X4, Remains in Full Affect** having met all criteria for HACCPCanada Certification of multi-temperature transportation of food and food-related products by maintaining an **Active HACCP-Based Food Safety System** centered on industry standards which fully meets or exceeds the Food Safety Codes of:

- Provincial Health Regulatory Authorities
- Canadian Food Inspection Agency – Food Safety Enhancement Program (FSEP)
- Health Canada – HACCP Protocols
- World Health Organization – (Codex Alimentarius)

The Required Prerequisite Programs at these Premises Include:

- 1) An Active HACCP-Based Food Safety System for **Choose an item.**
- 2) A Hygiene Policy.
- 3) All Pertinent Staff Food Safety Trained.
- 4) A Successful Maintenance Verification Audit (see attached report).

HACCPCanada Certification is effective pursuant to the Terms and Conditions of Certification and continues to remain valid through the next Maintenance Verification Audit scheduled for **1 September 2022.**

HACCPCanada Foodsafety Inc., an arm's length auditor and certifying body, consistently and frequently monitors the process at this trucking company throughout the year by reviewing its HACCP Implementation and other supporting documentation.

Sincerely,

Skye Marie Russell, C.E.O.
HACCPCanada
