Dear Valued Midland Customer,

The Federal Government has implemented a national carbon tax on each tonne of emissions from fossil fuels in an attempt to reduce greenhouse gas emissions, effective April 1, 2023.

As a result of this tax, you will begin to see a new carbon surcharge on each invoice beginning April 14, 2023. Below outlines the changes you will see:

Carbon surcharge scale: Applies on the “freight” charge only

Modes Applicable	Shipment Size		
	LTL (<10,000 LBS)	TL (10,000+ billed LBS)	Courier (<10,000 LBS)
Road	2.04%	2.49%	2.04%
Rail/Intermodal	1.84%	2.04%	N/A
Air	N/A	N/A	2.49%

The surcharge will appear as a separate line-item on probills/statements

Thank you for your business and your understanding and support in this matter.
